Okay. We've had a chance to look into this and since you state that you don't have any additional information that wasn't previously submitted under the response for PI. US Holdings, then you can consider this 104(e) information request letter to Rheem Manufacturing to be closed. Have a great day!

Subject: FW: PI. US Holding's CERCLA Section 104(e) Responses

Kim,

Thank you for your return voicemail this morning. As requested, attached is the information request that PI. US Holdings received in September 2018, along with a copy of the narrative responses that were submitted. As directed by Request No. 1, the response was submitted by PI. US Holdings on behalf of itself and Rheem Manufacturing Company. The difference in the entity to whom the letter is directed may be the confusion. Nevertheless, I can confirm that the previous responses that were submitted on December 12, 2018 include all information and documents in the possession or control of Rheem Manufacturing Company with regard to the facility at 601-675 South Placentia Avenue, Fullerton, California. As a result, can you please confirm that Rheem Manufacturing Company need not respond to the recent Section 104(e) request (also attached)?

Thanks so much and let me know if a follow-up call would be helpful.

Best,
 Angela
